

Karan Patel

Senior UX / UI Designer (Mobile-First)

PROFILE

Senior Mobile UX/UI Designer with 7 years designing native iOS and Android experiences for consumer apps across FinTech, HealthTech, and Travel domains. Expert in iOS HIG, Material Design 3, micro-interaction design, and Lottie motion systems. Proven ability to own full product design cycles — from user research and journey mapping through prototyping, A/B testing, and developer hand-off — while managing relationships with product managers, engineering leads, and marketing stakeholders.

SKILLS

Design	Figma, Sketch, Adobe XD, Adobe Illustrator, Adobe Photoshop
Motion	Lottie, After Effects, Principle, ProtoPie, Rive
Mobile UX	iOS HIG, Material Design 3, gestural navigation, dark mode, accessibility
Research	Remote usability tests, A/B test design, analytics review, tree testing
Analytics	Firebase Analytics, Mixpanel, Amplitude, AppsFlyer, Hotjar
Hand-off	Figma Dev Mode, Zeplin, asset slicing for iOS/Android, SwiftUI previews

PROFESSIONAL EXPERIENCE

Lead Mobile UX Designer

Consumer FinTech App (Confidential) | 02/2021 – Present

- Designed end-to-end mobile journeys for a neo-banking app growing from 800k to 4.2M+ downloads; owned the full design cycle across iOS and Android.
- Led a complete onboarding and KYC redesign — reduced first-transaction time by 48% and drop-off at identity verification by 31%.
- Created a comprehensive Lottie-based motion system (60+ animations) documented in Figma; reduced ad-hoc animation requests to engineering by 80%.
- Ran 30+ remote usability tests and 12 A/B tests via Firebase; contributed to a 22% lift in monthly active engagement.
- Built and maintained platform-specific spec files (SwiftUI previews + Compose annotations) ensuring pixel-perfect implementation across both platforms.
- Mentored 2 junior designers and facilitated biweekly design critique sessions for the mobile design team.

Senior Mobile UX/UI Designer

Mobile App Studio (Confidential) | 04/2018 – 01/2021

- Delivered end-to-end UX/UI for 20+ consumer mobile apps spanning fitness, travel, e-commerce, and EdTech verticals.
- Built a reusable mobile design kit (iOS + Android variants) in Figma used by all 6 designers in the studio.
- Developed and documented a motion design guideline and Lottie asset pipeline that standardised animation quality across client deliveries.
- Translated user research insights into prioritised design backlogs with PMs; reduced average sprint re-work from 3 tickets to 0.8.

UX Designer

Travel-Tech Startup | 08/2016 – 03/2018

- Designed the iOS and Android booking flows for a flight and hotel aggregator app, achieving 4.5★ App Store rating at launch.
- Conducted contextual inquiry research with 25 frequent travellers; findings informed a search UX redesign that improved conversion by 26%.
- Introduced skeleton screens and offline-friendly states, improving perceived performance on low-bandwidth networks.

SELECTED PROJECTS

Neo-Banking App (4.2M downloads)

— Figma, ProtoPie, Lottie, Firebase A/B Testing

Full visual and interaction design for a neo-banking app covering onboarding/KYC, payments, investments, FD/RD, cards management, and rewards. Motion system with 60+ Lottie animations.

Fitness & Wellness Tracker

— Figma, Material Design 3, iOS HIG, Lottie, Rive

Cross-platform fitness app with adaptive training plans, wearable sync, sleep insights, and gamified streaks. Custom watchOS and Wear OS companion screens.

Travel Booking App (Multi-modal)

— Sketch, Principle, Figma, Lottie

Multi-modal booking flow covering flights, hotels, buses, and cabs — optimised for low-bandwidth markets with skeleton screens and offline-friendly states.

Mobile Design Kit (iOS + Android) — [Figma](#), [Material Design 3](#), [iOS HIG](#), [Tokens Studio](#)

Comprehensive mobile design kit with 200+ components, platform-specific variants, dark-mode tokens, and a Lottie animation library used across the studio's 20+ projects.

HealthTech Patient App — [Figma](#), [ProtoPie](#), [Lottie](#), [Firebase Analytics](#)

Patient-facing app for an outpatient clinic network — appointment booking, teleconsultation, prescription management, lab results, and health-history timeline.

EDUCATION

B.Des, Interaction Design

2012 – 2016

Symbiosis Institute of Design, Pune

CERTIFICATIONS

- Mobile UX Design — Interaction Design Foundation
- Motion Design for UI — Coursera
- Figma Advanced Prototyping — Figma Academy
- iOS Human Interface Guidelines — Apple Developer Certification
