

PROFILE

Senior Product Designer with 6+ years specialising in B2B SaaS dashboards, data-heavy web products, and enterprise design systems. End-to-end ownership from generative research and information architecture through high-fidelity prototyping and engineering hand-off. Comfortable driving design strategy, facilitating stakeholder workshops, and scaling design-system thinking across engineering and product teams.

SKILLS

Design	Figma, Adobe XD, Sketch, Framer, Tokens Studio, Figma Variables
Research	User interviews, usability testing, journey mapping, card sorting, diary studies
Prototyping	Figma Prototypes, ProtoPie, Principle, Framer (interactive)
Design Ops	Storybook, Zeplin, Figma Dev Mode, design tokens, Chromatic
Analytics	Mixpanel, FullStory, Hotjar, Amplitude, Maze
Web Basics	HTML, CSS, responsive grids, WCAG 2.1 accessibility

PROFESSIONAL EXPERIENCE

Principal Product Designer

B2B SaaS Platform (Confidential) | 09/2021 – Present

- Owned end-to-end design for a workflow automation product growing from 60 to 500+ enterprise customers; sole designer for the first 18 months, then grew the team to 3.
- Led a full design system overhaul — migrated 120+ components to Figma Variables and Tokens Studio; reduced design inconsistency bugs reported by engineering by 74%.
- Ran 50+ user interviews and 8 moderated usability studies; reframed the onboarding flow which improved 30-day activation from 31% to 58%.
- Designed a no-code workflow builder canvas — evaluated 6 mental models via concept testing before finalising a node-graph interaction that tested 89% task success.
- Partnered with frontend leads to establish a Storybook-driven design-to-code pipeline cutting design-to-production cycle from 3 weeks to 6 days.
- Facilitated quarterly product discovery workshops with C-suite and customer advisory board; contributed to a 2-year product roadmap.

Senior UX/UI Designer

Product Design Agency (Confidential) | 03/2019 – 08/2021

- Designed 18+ SaaS dashboards across HR-Tech, Logistics, Supply Chain, and FinTech verticals for global clients.
- Developed scalable data-heavy component patterns — filterable tables, multi-axis charts, inline editing — with usability-tested interaction models.
- Standardised agency's design delivery process: research synthesis templates, Figma file structure guide, and component naming conventions.
- Mentored 2 mid-level designers and contributed to the agency's internal knowledge-sharing sessions.

UX Designer

FinTech Startup | 06/2017 – 02/2019

- Designed core product flows for a personal finance management app — budgeting, spending insights, and investment tracking — from 0 to 80k users.
- Conducted weekly usability testing; iterated on navigation architecture that reduced task completion time by 37%.
- Created motion design specs for micro-interactions (Principle) handed off to iOS and Android developers.

SELECTED PROJECTS

Workflow Automation Studio — Figma, Tokens Studio, ProtoPie, Storybook

Visual workflow builder with drag-and-drop nodes, conditional branching, nested loops, version history, and inline AI suggestions. Validated through 6 rounds of concept testing.

SaaS Design System v3 — Figma Variables, Tokens Studio, Storybook, Chromatic, Documentation Site

Themable design system with 120+ components, semantic colour and spacing tokens, dark-mode support, automated visual regression, and a publicly hosted documentation site.

Logistics Ops Dashboard — Figma, Maze, FullStory, Google Maps API

Real-time fleet management dashboard for dispatchers managing 500+ vehicles; usability-tested with 15 dispatchers, reduced average task completion time by 43%.

HR-Tech Self-Service Portal — Figma, FigJam, ProtoPie

Employee self-service portal covering payslips, leave management, benefits selection, and performance reviews for a 20,000-person enterprise client.

Personal Finance App (0→80k users) — [Figma](#), [Sketch](#), [Principle](#)

End-to-end product design for a budgeting and investment-tracking app — transaction categorisation, spending insights, goal tracking, and financial health score.

EDUCATION

Bachelor of Design (Visual Communication)

2013 – 2017

National Institute of Design (NID), Ahmedabad

CERTIFICATIONS

- Google UX Design Professional Certificate — Coursera
- Interaction Design Foundation — Professional Membership
- Figma Advanced — Figma Academy
- Design Systems — Smashing Magazine Workshop
