PROFESSIONAL SUMMARY

Motivated and detail-oriented Frontend Developer with 4 years of experience building scalable, high-performance web and mobile applications. Proven ability to conduct design development, creating comprehensive user interfaces on **Figma** and related design tools, and then translate the finalized design into web and Android apps using React.js or React Native. Skilled in advanced UI libraries with a strong understanding of state management, REST APIs.

TECHNICAL SKILLS

React.js

Next.js

JavaScript (ES6+)

TypeScript

HTML5

CSS3

Figma

Tailwind CSS

React Native

Redux Toolkit

Context API

Python

REST APIs

Git & GitHub

PROFESSIONAL EXPERIENCE

Shilsha Technologies

Frontend Developer

📅 04/2023 – 02/2026

📍 Noida

- 1. **Key Driver Analytics AI Platform:** Translating complex designs from Figma prototypes to develop a React.js front-end for an AI/ML application, and generate actionable insights for improving safety and performance.
- 2. **Customer Commerce Mobile App (React Native):** Leading the development from detailed Figma mockups for an e-commerce, order tracking, multiple payment options, and secure checkout, ensuring smooth mobile experience.
- 3. **Seller Commerce Dashboard (React.js):** Built inventory, order management and analytics modules for sellers, including product management, sales insights, and performance tracking.
- 4. **GenAI Document Assistant:** Developed a GenAI application that allows users to upload PDFs and documents, ask natural language questions, and get accurate contextual answers using OpenAI API and vector search.
- 5. **Customer Behavior Prediction AI App:** Created an ML-based app that predicts customer purchase behavior and churn probability using historical data, enabling better targeting and retention strategies.

Fodrix

Frontend Developer

📅 02/2022 – 02/2023

📍 Remote

- Created a reusable JavaScript library to streamline and standardize functionality across multiple projects.
- Implemented Multi-Factor Authentication (MFA) using Google Authenticator to enhance application security.
- Developed customer module in Loop Dashboard using React and Redux for seamless user management.
- Developed React-based Shopify POC to integrate frontend with backend systems.
- Contributed to website development using React.js and Context API.
- Identified issues, added new features, and improved overall user experience.
- Enhanced user experience rating from 55% to 85% by collaborating on Figma designs and executing subsequent React.js/React Native development.

AWARDS

Performer Of The Year (2023-2024)

Shilsha Technologies

Recognized as 'Performer of the Year' for outstanding achievements and exceptional contributions to Shilsha Technologies through dedication, creativity, and consistent results.
